

MEMORANDUM FOR THE RECORD

SUBJECT: Interview with [REDACTED], former Chief of Police,
San Francisco

1. [REDACTED] was interviewed on 9 May in his home from about 7:30 to 11 P.M. In brief, [REDACTED] knew of the apartment but had not heard of the CIA connection, had not heard any allegations of drug use, and with one exception had not heard of prostitutes using the safehouse. One prostitute lived there with Feldman while a narcotic's case was being investigated. He suggested we also talk with [REDACTED]. He believes it highly unlikely that prostitutes could have been used as alleged without the activity having come to his attention.
